TO LEARN MATH

Multiple Choice:

$$12 \div 3 \times 4 + 2 = \underline{\quad}$$

- (A) 2
- (B) 3
- (C) 18
- (D) 24

Task:

The expression

$$2 + 3 \times 5 - 3 \text{ equals } 14.$$

Copy this same expression and add one or more sets of parentheses so that the expression equals 8.
